- Patient registration project including full CRUD and search functionality using HTML, CSS, PHP, Laravel and MySQL.
- Hotel room reservation project using React.
- Currently working on a personal portfolio website using Angular to solidify my knowledge and get comfortable writing Typescript.

## Experience

Jan 2020 to date

Web Developer Intern | EME International | Maadi

- Learned angular and worked on small exercise projects such as performing CRUD operations using third party APIs.
- Helped the front-end team with Wordpress projects where I mainly used Elementor to create some of the pages in their most recent project.
- Learned about different design patterns such as the Singleton, Factory, Strategy and Dependency Injection patterns.
